The maximum total number of stock options issued is 7,320,500, and they entitle their owners to subscribe for a maximum total of 7,320,500 new shares in the Company or existing shares held by the Company (the **Share**). The Board shall resolve whether new Shares or existing Shares held by the Company are given to subscribers.

2. Stock Options

Of the stock options, 2,430,000 are marked with the symbol 2018A, 2,445,250 are marked with the symbol 2018B and 2,445,250 are marked with the symbol 2018C. The Board shall have the right to convert stock options held by the Company from one stock option class to another.

3. Right to Stock Options

The stock options shall be issued gratuitously to the key employees of the Group. The Company has a weighty financial reason for the issue of stock options, since the stock options are intended to form part of the Group's incentive and commitment program for the key employees.

4. Distribution of Stock Options

The Board shall resolve upon the distribution of stock options to the key employees employed by or to be recruited by a company belonging to the Group (**Group Company**). The Board may resolve on particular additional provisions concerning the receipt of stock options. The Board shall resolve upon the further distribution of the stock options returned later to the Company. Distribution of stock options to the key employees outside Finland may be restricted, or it may be subject to additional terms based on local laws and other regulations.

The people, to whom stock options are distributed, shall be notified in writing by the Board about the offer of stock options. The stock options shall be delivered to the recipient when he or she has accepted the offer of the Board.

The stock options shall be regarded as a discretionary and nonrecurring part of compensation. The stock options shall not be regarded as a part of a stock option recipient's employment or director contract, and they shall not be regarded as a salary or fringe benefit. A stock option recipient shall, during his employment, service or thereafter, have no right to receive compensation for stock options on any grounds.

A stock option recipient shall be liable for all taxes and tax-related consequences arising from receiving or exercising stock options.

The Company shall pay the transfer tax connected to the receipt of Shares based on stock options, when applicable. The transfer tax paid by the Company may be taxable income for the stock option owner.

5. Transfer of Stock Options

The Company shall hold the stock options on behalf of the stock option owner until the beginning of the Share subscription period unless otherwise provided by Section II.7. The stock options may freely be transferred and pledged, when the relevant Share subscription period has begun. The Board may, however, permit the transfer or pledge of stock options also before such date. Should the stock option owner transfer or pledge his or her

stock options, such person shall be obliged to inform the Company about the transfer or pledge in writing, without delay. The Board may, at its discretion, resolve to restrict the transfer of stock options in certain countries, e.g. for legal or administrative reasons.

6. Termination of Employment or Service before Share Subscription Period

Should a stock option owner's employment or service in a Group Company terminate, such person shall, without delay, forfeit to the Company or its designee, without compensation, such stock options that the Board has distributed to him or her. The forfeiture concerns those stock options for which the Share subscription period specified in Section II.2 has not begun on the date on which the notice of termination of employment or service has been given. As an exception to the above, the Board may resolve that the stock option owner shall be entitled to keep such stock options, or a part of them.

Should a stock option owner's employment or service in a Group Company end, due to the permanent disability or the death of a stock option owner, or the statutory retirement of a stock option owner or the retirement of a stock option owner as defined in the employment or director contract, or the retirement of a stock option owner otherwise determined by the Company, the stock option owner or his or her estate or heir or beneficiary shall be entitled to keep such stock options that the Board has distributed to him or her. Should the rights and obligations arising from the stock option owner's employment or service be transferred to a new owner or holder, upon the employer's transfer of business, or should the stock option owner's employment or service end due to a corporate arrangement, the proceedings shall be similar. The end of employment or service means the last day of validity of a stock option owner's employment or director contract.

7. Incorporation of Stock Options into Book-Entry Securities System

The Board may resolve on incorporation of the stock options into the book-entry securities system. Should the stock options having been incorporated into the book-entry securities system, the Company shall have the right to request and get transferred all forfeited stock options, from the stock option owner's book-entry account on the book-entry account appointed by the Company, without the consent of the stock option owner. Equality is reached in the manner determined by the Board by adjusting the number of Shares available for subscription, the Share subscription prices or both of these.
